## Data Sheet

### Extreme Heavy Duty Hollowshaft Encoder

#### DESCRIPTION

NorthStar's HSD38 Extreme Duty Industrial Hollowshaft Encoder accepts up to 1" diameter shafts and operates reliably from –40 to +100°C. Its Hard Anodized finish enclosure exceeds IP66/IP67 and NEMA 6 enclosure requirements.

This robust encoder features a double-sealed housing that allows application where regulatory washdown and high pressure steam or caustic chemicals are present. Utilization of an advanced Opto ASIC with innovative packaging techniques enables the encoder to operate in high shock and vibration environments.

## **Series HSD38**
